THE PROJECTED NEW VOLCANO HOUSE COMPANY.

A very promising enterprise this Volcano House undertaking appears to be, promising safe and easy transport, comfortable lodging and unequalled convenience for enjoyment of the greatest wonder of the world to travelers and tourists, and promising fair returns to investors. The compilers of the prospectus have certainly hit most exactly on the various blemishes or inconveniences of a visit to the great crater, to which travelers have been hitherto subjected.

First, in bringing about co-operation instead of antagonism between the island steamship companies, between the hotels at Hilo and Punaluu, and the means of transport between either and the Crater House. Next, in remodeling and enlarging the house itself so that not merely transient sight-seers may procure food and shelter for a couple of days, but encouraged by ready access to Kilaua-iki and other spots worthy of a visit may deliberately undertake a week or two, which need not seem heavy on the hands of any traveler when the proposed improvements have been effected.

The old Volcano House, what there was of it, has been always well managed, and the visitors always had the best of care, and the best of fare that was available; but with roads practicable throughout for wheeled vehicles, to say nothing of tram-cars, a large and attractive hotel might be kept constantly well filled. The seasons do not matter much to Kilaua—there need be no shutting up for eight or nine months in the year, as is the case with so many fashionable watering places. Honolulu is close at hand to fall back upon, and there we all know it is always (except February, 1891) summer. It rains occasionally at Kilaua as well as at Hilo, but then with the new billiard room, parlors and reading room one need not mind that, and of course the grand old open hearth with its gloriously blazing log-fire will not be improved out of existence.

Probably a good many of our readers have sat in the sulphur steam box with one's head sticking out of a hole in the lid, like a Chinese criminal in the "cangue," and yet have come out of it with a pleasant sensation of refreshment. Now suppose a handsome sulphur vapor bath, on approved scientific principles right in the hotel, what an inducement for an invalid to take a course of such baths. A stable, too, with saddle horses to look down into Keanakakoi or look into Halemau from the bluff. A bridle-path across the floor of the crater for invalids or such as could not undertake the long descent and fatiguing tramp on foot.

All these inducements must tend to create tourist travel, no doubt they will be amply advertised and each succeeding year may see increasing numbers enjoying increasing facilities.

Pele surpasses the "serpent of old Nile" herself, never can "custome stale her infinite variety," no two parties of travellers ever saw her in precisely the same mood, and no one has ever been once without longing to go again.

The enterprise appears to be in eminently suitable hands. Abundant capital, ripe experience, and boundless energy are there. In wishing the company a success we are wishing the country "onward."

The widow of Gen. J. M. Barraud, who was killed by Guatemalan officials on board the American steamer Acapulco, and whose death resulted in the recall of Minister Mizner, has officially announced her intention of asking the United States Government for \$1,000,000 indemnity for the killing of her husband. Papers in the suit have been served on Secretary of State Blaine.

SUPREME COURT.

King Kalakaua's Will Admitted to Probate—Other Matters.

In the Supreme Court Thursday morning before Mr. Justice McCully, in the estate of His Majesty Kalakaua, deceased, it was ordered that the accounts of Dr. Geo. Trousseau, temporary administrator, be approved and he discharged. Further that the said Dr. Trousseau be appointed administrator with the will annexed under bonds of \$10,000. F. M. Hatch for petitioner. The will which was witnessed by J. G. Hopili, J. P. Kahalewai and I. Sherwood is as follows:

KALAKAUA.
By the Grace of God and the Will of the Legislative Assembly of the Hawaiian Islands, King.

Being of sound and disposing mind and memory and well knowing the uncertainties of human life, do hereby make, publish and declare, this to be Our last Will and Testament, in manner following, that is to say:

First—In conformity with Our appointment and public proclamation made on the 12th day of April A. D. 1877, and in accordance with the 23d Article of the Constitution promulgated by Us on the 7th day of July A. D. 1887, that Our beloved Sister, Her Royal Highness Princess Liliuokalani, be Our successor to the Throne of Hawaii, it is Our will that she ascend the Throne immediately upon Our decease in case We die without heirs of Our body lawfully begotten.

Second—It is Our wish that Our beloved sister and successor the Princess Liliuokalani, failing heirs of her body upon succeeding to the Throne of Hawaii, appoint and publicly proclaim as her successor Our beloved Niece, Her Royal Highness the Princess Victoria Kaiulani, daughter and heir of Her Royal Highness Princess Likelike, and to the heirs of her body in succession, it being Our wish and desire that the sovereignty of the Kingdom of Hawaii be perpetuated in the family of which We are the head.

Fourth—In the event that the Throne of Hawaii shall descend to Our beloved Niece, Her Royal Highness the Princess Victoria Kaiulani, as in the last article provided, while she has not attained the age of majority, We ordain that Her Majesty Our beloved Queen Consort, Kapiolani, if then surviving, shall be Regent to conduct the Government until the Princess shall have attained the age of majority.

Fifth—In case, however, the royal line as hereinbefore indicated in articles one, two and three shall be about to become extinct, and Her Majesty Our beloved Queen Kapiolani shall then survive, it is Our wish that the Sovereign last reigning of Our immediate family, as before indicated, shall appoint and proclaim Her Majesty Queen Kapiolani to be the next successor to the Throne of Hawaii.

Sixth—It is Our wish to provide that when the last one of Our immediate family shall come to the Throne, there being no issue of his or her body to succeed in order, and Her Majesty Queen Kapiolani not being alive when such event shall occur, the Throne of Hawaii shall descend to Our beloved Sister, Her Royal Highness Princess Poamikekani, and after her, failing heirs of her body, the Throne of Hawaii shall descend to the sons of Our cousin as follows: first, to His Royal Highness Prince David Kawananakoa and to the heirs of his body; and failing heirs then to His Royal Highness Prince Cupid Kalaniana'ole and the heirs of his body; each to assume the name and title of KALAKAUA, and to be numbered in order from Us as the first of this name, and in that case to assume the number that shall next follow in numerical order.

Seventh—We desire that Our Chamberlain the Honorable Curtis P. Laukae or his successor be allowed occupation of the chambers and archives of his office at the Palace for one month after Our decease, in which to regulate and put in order the affairs of his office before passing them over to his successor, in case any should be appointed, and We desire him to take charge of all our public and private papers immediately upon our decease.

Eighth—After the payment of Our just debts, We make the following disposition of the property both real and personal of which We shall be seized and possessed at the time of Our death, the same not being royal domain or Crown Lands, but being Our private property, namely: We give, devise and bequeath unto Our beloved Queen Kapiolani and to her heirs and assigns forever all of Our estate real and personal of whatsoever name and nature, and wheresoever situated in the Hawaiian Kingdom.

Ninth—We hereby leave the nomination and appointment of Executor of this Our last Will and Testament to the option of Our beloved Consort Queen Kapiolani with bonds.

Done at Our Palace at Keekaulani Hale in Kailua, Hawaii, this Twenty-first day of May in the Year of our Lord One Thousand Eight Hundred and Eighty-Eight.

(Signed) KALAKAUA REX.

A New Cooking Stove!

Messrs. KING BROS., have been appointed Agents for the

JEWEL GRAND
GASOLINE COOKING STOVES

Which they are now offering for sale.

The following are a few of the merits of the Stove:

It requires no Chimney, there being no smoke to carry off. It does not blacken the cooking utensils. By the simple turning of a screw and the application of a match the Stove is ready for use.

Water can be boiled in five minutes from the time the fire is started. Any kind of cooking can be done on this Stove, as fuel can be done on any other.

The expense of fuel is reduced to between ten and fifteen cents per day, and in some cases to much less. No cutting of wood or bother about coal with this Stove.

The fuel comes in cases like kerosene oil, and a year's supply can be easily stored in a very small space.

The best refined Gasoline is the fuel used, with which there is no more danger than with kerosene oil.

For people who do their own cooking this Stove can not be beaten, and we venture to say that after they have gotten over the prejudice of the use of Gasoline, that they will not give the Stove up for a wood and coal stove under any consideration.

There are at present six of these Stoves in successful operation on the island of Kauai and one in Honolulu, the owners of which will gladly furnish information to those wishing to know more about the Stove.
